## LIVE MY LIFE FOMO

Lyrics written by: Edwin Fokkema (FOKK\_\_it)

Live my life FOMO

Waking up, happy and bright Can't wait what the day will bring Stretching my arms and open my eyes I can't help myself, and start wondering

Don't want to live solo Life's to short for that Living my life YOLO Party hard that's a fact Yes, I have FOMO Living full, but not to fast Okay lets GO

Live my life FOMO Oh Live my life FOMO Oh

Live my life FOMO Live my life FOMO

Time to take a warm shower Start the day new and fresh Level up my power While clearing my head

Don't want to live solo Life's to short for that Living my life YOLO Party hard that's a fact Yes, I have FOMO Living full, but not to fast Okay lets GO

Live my life FOMO Oh Live my life FOMO Oh Okay let's enjoy life to the fullest Time to stop the thinking Because you just shouldn't Just enjoy and start living

Don't want to live solo Life's to short for that Living my life YOLO Party hard that's a fact Yes, I have FOMO Living full, but not to fast Okay lets GO

Live your life FOMO Oh Live your life FOMO Oh

Never do it SOLO No Just live it YOLO Oh

Live your life FOMO Oh Live your life FOMO Oh
