

THE DARKNESS

Lyrics written by: Edwin Fokkema (**FOKK_it**)

Ah
Oh
Ah

Night time falls
Darkness appears
The writing on the wall
Carved with fear

Alone in the corner
The dark closing in
Crawling over the border
Touching my fragile skin
(Skin)

Mama
Mama, can't you see
I'm alone and lost
Darkness got a hold of me
Help me, whatever the cost
Just hold me, don't be scared
I need to be taken cared of
To be loved
Love

Look into my eyes
Pitch black as the night
Always truthfully, it never lies
When there's no hope, no light

Yes I'm hurting, can't you tell
Keep me warm, please
Get rid of this cursed spell
Show me love, let me feel at ease
(At ease, please)

Please, Please
Oeh
Ah

Daddy
Dad can't you see
I'm alone and lost
Darkness got a hold of me
Help me, whatever the cost
Just hold me, don't be scared
I need to be taken cared of
To be loved
(Love, love)

Tell me please mom
When will the light shine
Would I feel it's warmth
At the end feeling fine

You think my life will change
Chasing the darkness away
Is this maybe just a fase
Or will my darkness stay
(Stay!)

Darkness
Darkness can't you see
I'm alone and lost
You got your grip on me
Let me, go what's the cost
(Cost)
Just leave me, I'm so scared
I need to be taken cared of
To be loved
(Love, love, love)
